

Prof. Dr. Alexey Baklanov, Leading Researcher, Head of the Group at the Institute of Chemical Kinetics and Combustion, Novosibirsk, Professor of the Chair of Chemical Physics and Biophysics at the Novosibirsk State University. Graduated from the Faculty of Natural Sciences at the Novosibirsk State University in 1976. His research topics mainly include chemical dynamics, weakly bound molecular complexes, photoinduced processes, molecular spectroscopy. His memberships: Editorial Board of the Journal “Kinetics and Catalysis” since 2010; Member of the International Advisory Committee (IAC) of the International Symposium on Molecular

Beams (ISMB) 2015-2022; Mercator Fellow of the International Research Training Group (IRTG 2079) in Freiburg University, 2015-2021.
