

Prof. Alan Talevi was born in Buenos Aires, 1980. He obtained his Pharmacy degree in 2004 and completed his PhD studies in 2007, both at the University of La Plata (UNLP, Argentina). Among other recognitions, he obtained the award for the best PhD thesis on Computational Chemistry from the Argentinean Chemical Society (2008), a Pacificchem Young Scholar Award (USA, 2010), the Award to Scientific and Technological Production from UNLP (2016) and the Award to the Scientific and Technological Entrepreneurs of Buenos Aires City Legislature (2024). Since 2010, he holds a permanent position at the Argentinean Council of Scientific and Technical Research (CONICET), where he currently occupies a Principal Researcher position, and he is a Full Professor (Lecturer) in charge of the Biopharmacy and Pharmacokinetics course at the Faculty of Exact Sciences, UNLP. He has published over 100 articles in periodicals and more than 80 book chapters / entries, mostly in the fields of machine learning, drug discovery, and biopharmacy. He was elected Head of the Department of Biological Sciences of the Faculty of Exact Sciences, UNLP, between 2015 and 2017. In 2018 he became the Head of the Laboratory of Bioactive Compound Research and Development (LIDeB, UNLP). External reviewer for several agencies and universities, including the United Nations University, UK Research and Innovation (UK), the Swiss National Science Foundation, the Swiss Institute of Bioinformatics, Katholieke Universiteit Leuven (Belgium), the Global Health Innovative Technology Fund (Japan), and the French National Research Agency. Editor of the Springer Nature Major Reference Works' ADME Encyclopedia (2022). Editor of the Springer Nature Computer-Aided Drug Discovery and Design series (ongoing). Associate editor of Frontiers in Natural Products (Frontiers Media) and the Computational and Structural Biotech Journal (Elsevier). Member of the editorial board of Current Therapeutic Research (Elsevier) and Expert Opinion on Drug Discovery (Taylor & Francis). Chief Editor of the Latin American Journal of Pharmacy.
